Date: 2/6/04 1:49PM
Subject: Endeavour Academy Club Meeting: Minutes from Feb 3 meeting

Dear Parents,

Last Tuesday night (2/3/04) we had a combined meeting.

The MIT Meeting started at 5:30pm, followed by the general Endeavour Club meeting from 6:00 till 7:00pm.

We have scheduled our next Endeavour club meeting for Tuesday, 3/02/04, 6:00 pm in room 922.

***** Minutes, MIT Meeting #3, 5:30 PM, 2/5/04 *****

- Everyone who planned to go to MIT in June needed to hand a check to Richard Oyler in the amount of \$40 made payable to Lewis Middle School no later than by Thursday 2/5/04. It is my understanding that everyone except Keith Tennell either dropped off the check or notified Rick that they would not be able to go. Rick or Pete will update and distribute the revised list of participants.
 - Remember that the full ticket price is due by May 3.

- Krispy Kreme sales are planned to begin on Monday, 2/9. Unless the school board declines to allow this sale, everything else is in line.

- Mrs. McKeithen is working with Krispy Kreme to get the sales packets ready. They are expected to include sales of 26 dozen per envelope. She will send them to school with Jamie.

- Doug Neville has designed a delivery coupon (1 per doz) that we will give the customer upon payment and will be surrendered in order to pickup a dozen donuts at either of our two pickup locations. One at PRHS Activity Center and the other at the Culinary Arts Center. Mr Kliewer will print these out.

- Mr. Jacober and Mrs. Lara have volunteered to make deliveries within town if the customer writes their address on the coupon and returns it to the salesman.

- 850 doz sold by 16 students means about 50 doz per student.

***** Minutes, Endeavour Club Meeting #5, 6:00PM 2/5/04 *****

- Mr. Kliewer gave a detailed description of the many upcoming activities of the Endeavour Academy listed at the bottom of the agenda for this meeting and next.

-Family Science Night Mar 5, 2004

This will be Friday night at 6 to 8 pm. Everyone is invited. See the website for a flyer.

-Elective Expo Mar 18

This is an extremely important event on campus during lunch. It is designed to make students aware of the different elective courses available to them. Th

This the final year of the contract to offer the Endeavour Academy here in Paso Robles. I hope and expect to see the contract renewed. However, this is a difficult time for schools. As such it is extremely important that we gather as many registered students, parent support and visibility as possible.

-Balloon Fest Apr 3

This promises to be an exciting event involving several high schools. We will be launching student designed experiments on weather balloons to 1000 ft AGL. They will get to analyze their data and present it before their peers as well as a group of very interested university scientists and professors.

Parents are always welcome to attend any event and all offers to help in any way are always appreciated.

Later events:

- Vandenberg Tour Apr 24
- Physics Day at Great America Apr 30
- Endeavour Public Presentations Jun 2
- MIT Showcase Jun 17-20
- COSMOS summer prgm at UCSC Jun 27-Jul 24

Please check out our website for further information

***** Resources *****

Check out the Endeavour Website: Project pictures, descriptions, dates, grades and especially look at the InvenTeam page:
