Paso Robles Joint Unified School District
Informal and Formal Post Observation Conference

Post-Conference Questions/Reflection:

1. How successful was your lesson? What evidence supports your assessment of your lesson?

2. Were your students successful in learning or growing in the areas you identified? (Use evidence to support your claim)

3. If you were teaching this lesson again, what modifications would you make?

I have read this observation report, but my signature does not necessarily signify agreement. I understand that any written statement I wish to make regarding this form will be attached. I also understand that this is part of my overall evaluation process.
